MaineGeneral does not discriminate on the basis of race, color, national origin, age, disability, sex, sexual orientation, gender identity or religion.

ملحوظة: إذا كنت تتحدث اذكر اللغة، فإن خدمات المساعدة اللغوية تتوافر لك بالمجان. اتصل برقم 207-248-5290

ATENCIÓN: si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Llame al (207) 248-5290; TTY: 711.

The service helps identify health issues early and helps prevent Emergency Department visits and hospital readmissions.

This service is covered by most insurances including Medicare, Medicare Advantage plans and MaineCare.

If you think you may qualify for Remote Patient Monitoring, ask your doctor.

For questions about Remote Patient Monitoring, call [207-626-7335](tel:207-626-7335) or email rpm@mainegeneral.org.

Some patients discharged from the hospital or receiving home care receive a tablet-based Bluetooth® system with devices such as a scale, blood pressure machine and oxygen sensor so MaineGeneral staff can monitor their health daily, right from home. The system also gives medication reminders.

Your care team can see the information you provide through the tablet – in real time.

You'll also have access to helpful educational videos – all at your fingertips.

This service is available to patients with any chronic condition. These conditions include, but are not limited to:

- Chronic heart failure
- Chronic obstructive pulmonary disease
- Diabetes
- Hypertension
- Pneumonia
